TETON WEALTH GROUP, LLC.

Revised 09.2026

ITEM 1: INTRODUCTION

Teton Wealth Group, LLC ("Teton" or "Firm") is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2: RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Teton offers portfolio management, model portfolio, financial planning, limited consulting, retirement-plan, and educational seminar services. We manage investment accounts on a discretionary or non-discretionary basis. With discretion, you authorize us in writing to buy and sell investments without asking you in advance; without discretion, we obtain your approval before changing the agreed allocation. You may request reasonable investment restrictions. We primarily use equities, exchange-traded funds, mutual funds, interval funds, fixed-income instruments, linked or structured notes, other structured investments, and cash equivalents. Our model portfolios generally follow specified strategies and are not customized, although we may accommodate reasonable restrictions and client-specific circumstances. We monitor advisory accounts regularly and conduct an annual client review; changes in personal, tax, financial, geopolitical, or economic circumstances may trigger additional reviews. Financial planning is generally included with investment management and may also be provided separately. Standalone planning and consulting recommendations do not include implementation or ongoing account monitoring unless you enter a separate investment management agreement. Teton does not require a minimum account size.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

MORE INFORMATION: REFER TO OUR FORM ADV PART 2A BROCHURE, ITEMS 4, 7, 8, 13, AND 16.

ITEM 3: FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

For portfolio management, Teton charges an annual asset-based fee of 1.00%. We calculate the fee using the account value as of the last business day of the prior billing period, adjusted for deposits and withdrawals. Fees are deducted from your account monthly, in advance, with your written authorization. Because our fee increases as the assets we manage increase, we have an incentive to encourage you to add assets to your account, including through a retirement-plan rollover. Financial planning is included with investment management. Standalone planning or consulting fees are established in the applicable agreement. In addition to our advisory fee, you may pay custodial charges, brokerage or transaction fees, regulatory fees, mutual fund and ETF expenses, deferred sales charges, transfer taxes, wire or electronic-fund fees, and other account or transaction costs. These third-party fees are separate from our fee. Similar services may be available elsewhere for lower fees. You will pay fees and costs whether you make or lose money, and they will reduce your investment returns over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

Help me understand how these fees and costs might affect my investments.

If I give you $10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we and our financial professionals make money creates conflicts with your interests. Our asset-based fee gives us an incentive to recommend that you add or roll assets into an account we manage instead of leaving them elsewhere.

Certain financial professionals are licensed insurance agents and will earn commissions when they recommend and sell insurance or annuity products through our affiliated insurance entity, Teton Wealth Management, LLC. Teton is also affiliated with Teton Tax Services, LLC, whose tax-preparation fees are separate from our advisory fees; this creates an incentive to recommend the affiliate. If you establish an advisory relationship with certain asset-management firms we recommend, our financial professionals may share in the advisory fees you pay those firms. Our financial professionals may invest in the same securities as clients, which creates a conflict addressed through our Code of Ethics and personal-trading controls. Fidelity and other custodians may provide us with technology, research, consulting, conferences, discounts, or other economic benefits that can influence our custodian recommendation even though the benefits may not directly benefit your account. We may also receive travel or marketing expense reimbursements from investment or insurance product sponsors, creating an incentive to recommend their products. You are not required to use our affiliates, purchase insurance, or follow our recommendations.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals are compensated from the advisory revenue associated with the clients and assets they service. Certain financial professionals also are licensed insurance agents and receive commissions or other compensation from insurance-product sponsors. They may also share in advisory fees paid to asset-management firms that we recommend. These arrangements create incentives to recommend services or products that generate additional compensation.

ITEM 4: DISCIPLINARY HISTORY

DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE LEGAL OR DISCIPLINARY HISTORY?

No. Teton and its financial professionals do not have legal or disciplinary events required to be disclosed. Visit Investor.gov/CRS for a free and simple search tool to research us and our financial professionals.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

As a Financial Professional, do you have any disciplinary history? For what type of conduct?
